GARRISON MSS.

My dear Friend

I return your books with many thanks. As we have received our commencement from you relating to our Journal we conclude it to be satisfactory to you.

I was greatly annoyed at its being taken up

into fragments as they
were. but that
is only one out of a
thousand annoyances
& vexations we have from
the Editor of the Journal
We hope soon shortly
to have full power in
that such matters &
then you shall find
hearts & hands that will

with you Judy. I must
have cut your obser-
tion & yesterdays Ramble
shorter in this present calam-
ities. In Image of you
in Stony which I found
accidental here in Augusta
to enclose it in the Letter
Box.

I fear me shall not
have the pleasure of
again seeing you before
you sail. If not be-

with our warmest
best wishes for your health
& your safe return to that
dear household by whom
you must be so much
beloved. May the Almighty
bless you & yours abundantly.
It is the earnest prayer
of our hearts.

With Williams kindest regards
I am my dear Friend
Yours truly
